DETEGASA Europe – Introduction to Canada

(A major High-Tech Water and Waste Management Solutions for Navy, Marine & Offshore Industries)

Respected,

Global Ship Solutions Inc. (GSS Inc.) is a proud Canadian company working in the shipbuilding industry and is the representative of DETEGASA Europe in Canada.

DETEGASA designs, manufactures and markets High-Tech Water and Waste Management Solutions for Navy, Marine & Offshore Industries, providing an integrated support through all the product life time.

PRODUCTION:

DETEGASA has two production facilities located in Europe, **and manufactures 100% of its products there**, while still providing some of the most quality-price competitive equipment in the market.

EXPERIENCE:

One of the main advantages of DETEGASA is an effective blend of experience and knowledge, that allows the company to get involved in projects with the strictest requirements such as hazardous area regulations, ASME standards, shock and vibration requirements for navy vessels, and also with the most stringent notations in regards to marine pollution prevention from IMO and the different Classification Societies.

QUALITY:

Thanks to a successful Policy of Integrated Quality Management and a continuous endeavor for improvement, DETEGASA has been granted the following quality assurance certifications: **ISO 9001, ISO 14001, OHSAS 18001, PECAL/ AQAP 2110**. Additionally, DETEGASA continuously carries out several inspections of equipment with the presence of major Classification Societies, and has also been granted the following type approval certificates:

Sewage Treatment Plants

ABS and RMRS type approval certificates according to IMO MEPC 159(55) and IMO MEPC 227(64).

Marine Incinerators

ABS and RMRS type approval certificates according to IMO MEPC.76(40) and amendments IMO MEPC.93(45), IMO MEPC.244(66).

Oily Water Separators

DNV and DNV Clean Design for 5ppm and RMRS Type approval certificate according to IMO MEPC 107(49).

OVER 50 YEARS SERVING THE MARINE INDUSTRY

Detegasa designs, manufactures and markets high-tech water and waste management solutions for Navy, Marine & Offshore Industries, providing an integrated support through all the product lifetime.

[Know more](#)

PRODUCTS:

1. Sewage Treatment Plant
2. Bilge Water Separator
3. Ballast Water Management System
4. Galley and Laundry Equipment.
5. Food Treatment System
 - Pulper
 - Hydroextractor
 - Grease Trap
5. Incinerator
6. Shredder Compactor
7. Reverse Osmosis Plant
 - Fresh Water
 - Technical Water
8. Fresh and Technical Water Treatment Systems.
 - Fresh Water Chlorination.
 - UV Sterilizers.
 - Hydrophore Groups.
 - Fresh Water Heaters
9. Fuel Heaters for Gas Turbine.
10. Fire Fighting Stations for AFFF Foam.
11. Helicopter Refueling Systems.
12. AEGIS Antenna Cooling System.
13. Electronic Equipment Cooling Systems. Foldable Bulwarks.
14. High Pressure Air Bottles.
15. Low and Medium Pressure Air Bottles.
